

HIV Criminalisation

by Robin Irwin

* **Anti-social behaviour**

- * If you are indifferent on passing on HIV and it is anti-social, should there still be a law?

* **Formation of HIV law**

- * There is no single law that deals with of non-disclosure, exposure and transmission.

* **Law being applied**

- * US and Canada are disproportionate leaders in prosecutions, Europe is a rising star.

* **HIV advocacy group**

- * Communicating with different levels of society with various tools.

* **Global Guidelines**

- * Deals with risk, harm, and emphasis on critical scientific, medical and legal considerations
