ON SEXUAL AND REPRODUCTIVE
HEALTH AND RIGHTS

Share-Net

International

Sexual and Reproductive Health and Rights

Strategies for linking research, policy and practice

NVTG symposium, afternoon session

Friday October 16th, 2015

Share-Net/Uniting Streams

Chair: Dinu Abdella (Royal Tropical Institute, Share-Net)

*Share-Net International

- * The Knowledge Platform on Sexual and Reproductive Health and Rights (SRHR) and HIV seeks to combine the expertise and strengths of Dutch organizations, Southern partners and key international actors working in the area of SRHR and HIV through
 - * Sharing knowledge;
 - * Generating knowledge;
 - * Translating knowledge; and
 - * Ensuring wide and effective dissemination of knowledge in order to contribute to achieving the SDG on SRHR and HIV
- * Our membership includes universities, knowledge institutes, development organisations, students and individual experts in the field of SRHR.
- * Members are involved in the Platform through the country nodes in Bangladesh, Burundi, Jordan and the Netherlands

* Linking Research, Policy and Practice

- * Share-Net International

 - * Share-Net Netherlands

 - * Working group “Linking research, policy and practice”

- * Objective working group:

 - * Strengthen linkages between research, policy and practice, among other things, to increase the practical relevance of research outputs and to create and encourage knowledge sharing in order to improve evidence-informed practice

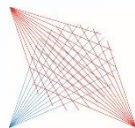

*Today's Session

*Objectives:

- * Share relevant insights and evidence; and
- * Stimulate discussion about the *implications* of these insights.
- * Presenters will share *recommendations* for practice and/or policy, after which
- * Presenters and session participants will be invited to reflect on *strategies* to bring these recommendations into practice.

* Programme

- * Qualitative analysis of factors influencing teachers' intention to (not) teach sex education in Ghana
 - *John Krugu*
- * Exploring socio-cognitive and situational correlates of condom use among internal migrants in Shenzhen, China
 - *Xiaona Liu*
- * 'They are afraid to infect their babies, so I tell them to feed cow milk' Exclusive Breastfeeding to Prevent Mother To Child Transmission of HIV in Moshi, Tanzania: the Barriers and the Role of Health Care Professionals
 - *Julia Tankink & Annelot van der Meulen*
- * Economic evaluations in sexual and reproductive health: a systematic review
 - *Julie van de Haterd*
- * Plenary discussion: Strategies for bringing new insights into policy and practice

* Plenary Discussion

- * Strategies for bringing new insights into policy and practice
