Welcome!

Main questions of this session

CSE for young adolescents

1. To what extent could or should a CSE curriculum for children be adapted to neutralize resistance from parents, religious and traditional leaders? What is negotiable and what is non-negotiable ?
2. CSE subjects are often not the priority of very young students below 14 years. How do you stimulate teachers and children alike to give enough attention to CSE?

Meaningful youth participation (MYP)

1. How does one shape MYP for young adolescents, 10-14 years old?
2. How can MYP contribute to improved quality of CSE for 10-14 year olds?
