## Invitation

17 January 2017,  
13.00 – 17.30hr  
Pakhuis de Zwijger,  
Amsterdam

# Dissemination of Small Grants & New Year's Drinks

**Share-Net International cordially invites you for the dissemination of the seventeen Small Grants projects conducted in 2014 & 2015. The dissemination will be combined with our New Year's Drinks. The event takes place at **Pakhuis de Zwijger, Amsterdam** on **Tuesday January 17<sup>th</sup>, 13.00-17.30hr.****

Share-Net International offers its member organisations funding for knowledge generation, identification, translation and dissemination initiatives. Now, these so-called 'Small Grant' projects that were released in 2014 & 2015 have been finalised. Share-Net International would like to kick-off 2017 by sharing the research findings with its members and to discuss the lessons learned and their implications for policy, practice and follow-up research. We aim for an interactive afternoon filled with presentations, discussions and more. We will start with plenary sessions followed by a market place combined with New Year's Drinks.

Registration is free but required. RSVP **before January 10<sup>th</sup>** at <http://tinyurl.com/SmallGrant-NewYearDrinks>

*Feel free to forward this invitation to interested colleagues!*

## SMALL GRANTS PROJECTS

### 2014 PROJECTS

- 1. dance4life**  
The power of confident young people: a comparison study of the effects of an edutainment approach to sexuality education for youth.
- 2. GNP+**  
From research to action in Burundi: Using evidence gathered by people living with HIV to inform advocacy.
- 3. i+solutions (UAFC)**  
Getting the hearts and minds of Bangladesh stakeholders ready for the introduction of female condoms (based on the experience of global UAFC and local HLL/HLFPPT condom knowledge and infrastructure).
- 4. International Institute of Social Studies (ISS)**  
Exploring youth explicit media usage to improve the responsiveness of CSE programs in the Great Lakes Region.
- 5. Oxfam Novib**  
Women and girls in charge of their own sexual and reproductive health to fulfil their potential in society.
- 6. Prayas & Population Research Centre (PRC), University of Groningen**  
Assessing the impact of a novel research based intervention to improve access to contraceptive choices among HIV infected women from Western India.
- 7. Radboud UMC: Radboud Institute for Health Sciences**  
Understanding differentials in district performance in adolescent reproductive health service quality & coverage in Rwanda.
- 8. Simavi**  
Mobile for Mothers: Is a mobile application the way forward to improving safe motherhood? A quasi-experimental study in India.
- 9. University of Amsterdam (UvA): department of Sociology and Anthropology Centre for Social Science and Global Health**  
Lessons learned on programmatic collaboration between key populations: A case study of BUZA's Bridging the Gaps – Health and rights for key populations global alliance.

### 2015 PROJECTS

- 1. Bandhu Social Welfare Society (BSWS)**  
Exploration of mental health needs and support systems among the LGBT population in Bangladesh.
- 2. BRAC Institute of Educational Development, BRAC University (BIED, BRAC U)**  
Basic Life Skills for Psycho-social Wellbeing of Transgender Youths in Bangladesh
- 3. dance4life**  
Developing a case based model: mobilising corporate companies' resources to ensure sustainability of youth-focused SRHR programs.
- 4. Kyrgyz Association of Obstetrics and Gynaecologists (KOAGN)**  
Prevention and elimination of disrespect and abuse during facility-based childbirth in Central Asia (Kyrgyzstan, Tajikistan, Kazakhstan and Uzbekistan)
- 5. RedOrange Media and Communications**  
DECODING SRHR: A Digital Toolkit for better understanding of Sexual Reproductive Health and Rights in Bangladesh
- 6. The Dutch Working Party on International Safe Motherhood & Reproductive Health**  
Long term International partnership Department Obstetrics & Gynecology of the University of Gondar and affiliated health centres, Ethiopia and Dutch Working Party on International Safe Motherhood & Reproductive Health; step 1: capacity building in emergency obstetric and neonatal care.
- 7. UMC Utrecht**  
Preventing post-partum haemorrhage: task shifting in the Active Management of the Third Stage of Labour.
- 8. University of Amsterdam (UvA)**  
Involuntarily childlessness 'low cost' IVF and fertility organisations in Ghana and Kenya: enhancing knowledge and awareness.
