# Taking stock of the progress made on ASRH&R since the ICPD: Looking back & looking ahead

## Objectives:

- ❑ **To review the progress made in ASRHR in the twenty years since the ICPD**

## Process:

- ❑ **Commissioned 5 review papers on research evidence & implementation experience**
- ❑ **Tabled & discussed the papers at an expert group meeting with representatives of national governments, national & international NGOs, researchers, UN agencies & funders**
- ❑ **Fed the conclusions & recommendations of the expert group meeting into regional ICPD review meetings**
- ❑ **Prepared a set of papers for publication in a special supplement of the Journal of Adolescent Health**

# Where are we with Adolescent Sexual and Reproductive Health & Rights, twenty years after the International Conference on Population & Development ?

A review of research evidence & implementation experience in five inter-related areas:

1. creating an enabling environment
2. providing sexuality education
3. providing sexual & reproductive health services, & creating demand & support for their use
4. preventing intimate partner violence & sexual violence
5. promoting youth participation & leadership

# Disseminating the conclusions & recommendations

## Done

High profile launch events

## Under way

Digital media promotion

Disseminating through existing clearing houses

Email outreach – head offices & regional offices of international organizations

## Under preparation

Publishing a WHO summary in a number of languages

Organizing regional meetings with selected stakeholders to develop a shared understanding

Lobbying for a place for this discussion in global & regional conferences

Dear Chandra,

When the supplement is launched, our country office in Thailand is interested in translating the articles and putting them on a public website.

Do you know if this is possible under the Journal of Adolescent Health copyright policies?

Warm regards

Jo
