Call for Proposals: Young Investigators NGO stop @Aidsfonds

The Young Investigator Network of Share-Net Netherlands has the pleasure to invite PhD students working on SRHR to present their research during the 4th NGO stop at Aidsfonds in Amsterdam.

The “Young Investigators NGO Tour” is an initiative of Share-Net Netherlands that aims to offer a two-way platform for young investigators (including PhD researchers, Post-docs, researchers within NGOs and institutes) to disseminate their work, as well as for NGO practitioners to share their practices; and then to jointly provide constructive feedback and discuss strategies to strengthen the link between research, policy and practice. To achieve this, the Share-Net Young Investigators network co-organises with interested NGOs a series of stops, whereby Young Investigators visit NGO offices.

The NGO stop @Aidsfonds is scheduled for: **Thursday 23rd November from 15.00 – 17.00.**

It will be a 2 hours session during which 2-3 PhD students have the opportunity to present their research and to hear more about the current studies that are being conducted within Aidsfonds’ programmes, followed by a conversation on how to link their research to policy and practice as well as about the concrete applicability of their research results.

Please send in your research abstract before the 27th of October 2017 to Kimberley Meijers via info@share-net.nl

Feel free to forward this invite to PhD researchers in your network!
