

# Impact of COVID-19 on Patient- Centered Care (PCC) in SRHR

---

SRHR X COVID-19  
SUBGROUP/ CCC 2021

MERETTE KHALIL, IRENE SIAW,  
ZAID ALHAMDAN

# What's the big deal?

**COVID-19 CAUSED:**

SRHR underprioritized as non-essential	Increase in GBV (note: SDH and intersectionality)
Challenges in SRHR service delivery on both demand and supply sides	Deviations from evidence-based care (IPC)
Increased accessibility of information online	Widespread (mis)information and uncertainty on best practices

## HOW?

SRHR programming, practice, and policy advocates for:

**Integrated, person-centred, respectful, inclusive, rights-based, gender-sensitive/responsive and culturally-contextualized care**

# Knowledge Product(s)

Implementing PCC  
During COVID-19

Recommendations  
for policymakers

Practical guide on  
shared-decision-making  
for patients AND health  
workers

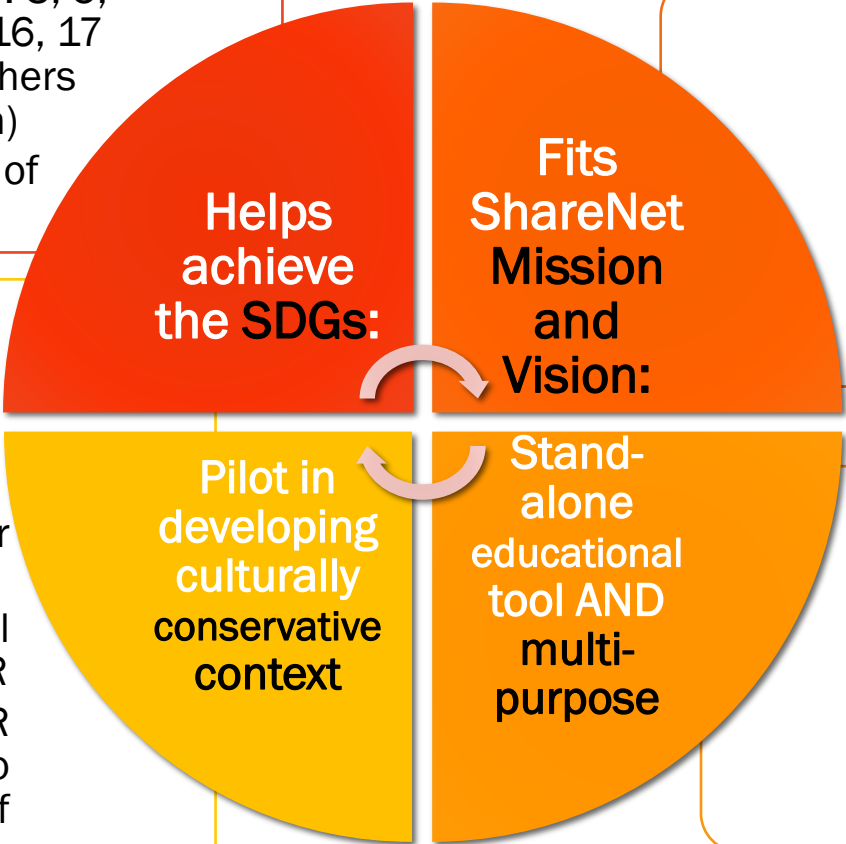

# Why fund this product?

- Directly: 3, 5, 8, 10, 16, 17 (and others by assn)
- Quality of Care

- **TRANSLATABLE**
- Applied in similar contexts
- For youth **and** all other KPs in SRHR
- Applied in SRHR **and** translated to other areas of health services delivery

- Practical tools for for ALL stakeholders
- *Using RESEARCH to improve PRACTICE and POLICY*

- Can be used in KAP studies to improve PCC

**Our Vision**

All people have the freedom of choice, are able to make informed decisions, can take action on their sexual and reproductive health and have access to quality care to meet their sexual and reproductive health needs and rights.

**Our mission**

To strengthen linkages between research, policy and practice through sharing, generating, translating and promoting the use of knowledge for the development of better policies and practices in SRHR.

# Questions?

THANK YOU! شكرا جزىلا DANK JE! ধন্যবাদ!
